CIT111 – Project & Report

(10 Marks)

Make a project using one of the software that we have covered in this semester for example Scratch, Word, PowerPoint, Excel, Access, and Publisher. Also write a report about your project. The report must have a cover page, page numbers, table of contents, headings (for example introduction, details/working of the project, problems/experiences that you have faced during the project, conclusion and/or references etc.). Add some of the screenshots of your project in your report. Also use hyperlinks in the reference section of your report.

Note: if you choose to make a project using PowerPoint then make sure it includes the following:

- Title page
- Slide numbers
- Animations & Transitions
- Bullet points
- SmartArt graphics
- Buttons and/or hyperlinks

Deadlines:

Group formation and topic selection: **14 November**

Completion of initial draft of the project: **21 November**

Submission of project along with the complete report: **5th December 2022 (Monday)**

Note:

There must be 2 students in a Group.

If you work alone, you will lose marks; and it is not an excuse to submit late or incomplete.

Late submissions are subject to Penalty.
